

FROM THE
MAYOR'S DESK

-May 2026-

Hello Orchard! I wanted to take a moment to introduce myself to those who don't know me yet. My name is Morgan Supak, and I have lived in Orchard my whole life. I went to Texas State University where I received a Bachelor of Business with a Major in Finance. After college, I met my husband, Josh Landry, and we now have two sons – Lennox who is 9, and Lawson who will turn 8 next month. Our boys are the 7th generation living in Orchard! CRAZY! My great-great-great grandparents moved to Orchard in the late 1800's. They were Charles and Fredericka Sager and Herman and Berta Hinsch. They brought over their children Albert Sager and Ella Hinsch, who later got married in

1907 in Orchard. From there they had four children – William Sager, Hazel Chapman, June Grigar and my great-grandmother Alma Hammermill Buckalew. The rest is history!

I share my family history because I want you to understand that Orchard isn't just a place I lay my head down at night. This town means everything to me, and my loyalty runs 130 years deep. I am proud to serve our community and will do so with the upmost respect for the citizens and the past mayors who have come before me. I have big shoes to fill, and I do not take this position casually or lightly. I can promise you the dedication I have for my responsibilities as Mayor will never falter.

I'd like to congratulate Renee Wesbrooks and Randy Pavlock on their wins as commissioners. I know these two will (and continue to be) an asset to the City of Orchard and I'm excited to have them by my side for this new term.

I plan on writing and sharing updates/highlights every month, as I want everyone to know the accomplishments that are achieved and the challenges that are faced. I think it's beneficial for the community to know what's going on behind the scenes, and I'm excited to implement this newsletter for the community. And please, if you have concerns, suggestions, or a problem – email me. Your problems are my problems, and together we will figure them out. Let's continue to keep our community strong, be kind, and support one another like all small towns were intended to do.

Respectfully,

A handwritten signature in black ink that reads "Morgan Supak". The signature is written in a cursive, flowing style.
